EXAMINER'S AMENDMENT

1. An Examiner's Amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Dan Howard on May 21, 2004.

The Application has been amended as follows:

In the Claims

Claims 1-13 have been cancelled.

Claim 16, line 2: "two or more" has been added after "have" and before "different".

Claim 16, line 3: "the group consisting of" has been added after "from" and before "olefin".

Claim 23, line 2: "16" has been deleted and replaced with "19" in lieu thereof.

REASONS FOR ALLOWANCE

2. The following is an Examiner's statement of reasons for allowance:

Independent claim 16 recites a cellular foam structure comprising a plurality of coalesced, *hollow, foamed* extruded *strands* wherein *the strands have two or more different polymeric compositions*.

The prior art fails to disclose or render obvious a cellular foam comprising a plurality of coalesced, hollow and foamed extruded strands wherein the strands have different polymeric compositions. The closest prior art, Baxter et al. (GB 1,061,702), discloses insulating materials for building comprising an extruded polyethylene sheet having a cross section in the form of a rectangular network of interconnected foamed polyethylene elements so that in effect the material consists of a bundle of hollow tubes having foamed polyethylene walls and hence *only discloses or renders obvious a structure comprising a bundle of hollow tubes of the same composition.*

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
